

Mystery Garden Worksheet #2

Hello Plant Detectives! We have received word that BC Agriculture in the Classroom has a mystery to be solved – a mystery garden, to be exact!

We will need your special detective skills of observation, problem solving, and creative thinking to solve the mystery of what plants are growing in this garden, and how they grow. The clues will appear along with pictures of the garden on the BCAITC Facebook and Instagram pages regularly.

Good luck detectives!

Week 2: Guess the Germination

The seeds have been planted in a seed tray, watered, and placed in a sunny location. After 6 days there are three varieties that have grown:

1. What three things did the seeds need to grow? _____
2. How many leaves have the beets sprouted? _____
3. How many leaves have the radishes sprouted? _____
4. How many leaves have the corn sprouted? _____
5. Draw your favourite sprout below:
